AMADI AMOS LEO

FRONTEND DEVELOPER (REACT)

BIO

Amadi Amos Leo is a passionate Frontend Developer specializing in React.js with a strong background in building dynamic and responsive web applications. With 6 months of professional experience, Amos has contributed to projects ranging from food delivery app to funding student school fees platforms. He is committed to delivering user-friendly interfaces, writing clean code, and collabo- rating effectively within agile teams. Amos constantly seeks to enhance his skills and enjoys turning innovative ideas into digital solutions.

PROFESSIONAL SUMMARY

Enthusiastic and detail-oriented Frontend Developer with 6 months of experience creating responsive and interactive web applications using React.js. Skilled in building modern user interfaces, integrating REST APIs, and optimizing web performance. Passionate about crafting intuitive user experiences and continuously learning new frontend technologies. Adept at working in team environments and contributing to cross-functional project success.

PROFESSIONAL EXPERIENCE

- Developed responsive and dynamic user interfaces using React.js, JavaScript, HTML5, and CSS3.

- Integrated REST APIs to fetch and display dynamic content for various web applications.

- Collaborated with backend teams and participated in Agile sprints for feature delivery.

- Strengthened frontend security by enhancing form validation and preventing XSS vulnerabilities.

- Improved the responsiveness and performance of key web pages across devices.
